CHAIRMAN'S MESSAGE

**"IF YOU ARE PLANNING FOR A YEAR,
SOW RICE; IF YOU ARE PLANNING FOR A DECADE,
PLANT TREES; IF YOU ARE PLANNING FOR A LIFETIME,
EDUCATE PEOPLE.
EDUCATION IS NOT A PREPARATION FOR LIFE;
EDUCATION IS LIFE ITSELF."**

Imparting education is a noble profession. Keeping this in mind, I, along with Lokmanya Tilak Jankalyan Shikshan Sanstha envisaged an institution and named it "Lokmanya Tilak International School".

Children are our valuable assets and we need to invest in their future adequately. Hence we have to build up character of the students from the very childhood. They have to be taught to honour family and social values. It is our school's vision that when the students pass out from the school, they should not be the one in the crowd, but one that stands out.

The school has excellent state of the art infrastructural facilities. Besides, the teaching faculty is constantly motivated to make all our efforts to generate creativity, confidence, ethical values, decision making capability, quick initiative taking qualities in the student community. Though the task is challenging, I am glad to state that teaching faculty and management has always endeavoured to turn this challenge into an opportunity to bring out on the surface, the hidden talent in every individual student.

This is the genesis of LTJSS: Mission Education, our attempt to change the quality of teaching-processes in school. We want to help children develop into critical thinkers, creative doers, problem solvers and sensitive human beings.... and in the process, we hope they will discover and realize their infinite potential.

I take this opportunity to dedicate ourselves to the task of shaping up the best generation of pupils for the India of tomorrow.

Wishing you all the very best

Dr. Satish Chaturvedi

D.Lit., Ph.D in Gandhian Thoughts,

M.A. (History), M.A. (Political Science), M.A. (Hindi Literature),

L.L.B., Recipient of Gold Medal of Nagpur University,

Founder & Chairman, Lokmanya Tilak Jankalyan Shikshan Sanstha.

ABOUT US

The dawn of passion to edify deprived and needy pupils was encompassed in the mid of 1983 in the name of 'Lokmanya Tilak Jankalyan Shikshan Sanstha'(LTJSS) at Nagpur, a leading educational institute of Vidarbha in Central India. The Sanstha derives its philosophy from the magnanimous Indian educationist, Bal Gangadhar Tilak to accomplish his vision of social reformation through education. The inaugural stone of LTJSS was laid by the Ex. Minister of Textile and Labour in Government of Maharashtra, Dr. Satish Chaturvedi, an audacious and influential chairman of the Sanstha in 1990. He set his mark in the field of education in 1990 with the establishment of 'Priyadarshini College of Engineering' and 'Pallavi Diploma College of Education'. Today LTJSS has transcended into a vast canvas of education encompassing all courses and disciplines.

The Sanstha has always been making a modest attempt to observe the ideology of new system of education and to manifest the dreams of modern India. Sanstha is always devoted to bestow quality education to the students from all strata of India. LTJSS acquired a remarkable recognition in the educational scenario of the city for imbibing with a sense of self-discipline, self-confidence and self-motivated accomplishment to more than 15,000 students through 26 institute from Pre-primary to the higher professional education stage.

In this attempt, Sanstha now aims to encourage the toddlers of nation with its fine embroidered tenderness incorporated with moral values and scientific temper so that the youth of India can become an embodiment of perfection and the whole humanity could feel proud of it.

PRINCIPAL MESSAGE

Develop a passion for learning and you will never cease to grow
- Anthony JD Angelo

Lokmanya Tilak International School is growing day by day in to one of the finest institution in Navi Mumbai. Our main focus is to hone the student's skills and to turn them into world class citizens. At LTIS we inspire students to become role models for others by achieving set goals. We strongly believe that every child has many hidden potentials which need to be unlocked.

The journey through LTIS allows children to nurture the spirit that questions and seeks answers. Education being the process to prepare a pupil for life creates in student the habit to derive joy of learning through itself.

We ensure students in our school get personalised and emotional attention from their ever helpful teachers.

An environment that imparts value, that holds on to a culture of character, courage, compassion, critical thinking and collaboration is the "hidden curriculum" of every classroom in LTIS.

Curricular and co-curricular activities are an integral part of the school's curriculum which is so designed that it assists in child's holistic development, catering to the physical and mental health of student.

Let us work together to achieve our goals and dreams.

OUR VISION

The vision of LTIS is to prepare students to compete at the higher level and to inspire them to be leaders now and for the future by providing the best environment to achieve their academic, athletic and personal aspiration. Hence LTIS is here to shape your child's future and 'To Inspire, To achieve'

OUR MISSION

To fulfill the vision, LTIS provides an environment which attracts the best talent - students, teachers and facilitators, without discretion of race, religion, caste or social status.

To inspire, to achieve

TEACHING FACULTY AND STAFF

The teachers and faculty members with strong and professional background are drawn from different fields with specializations in relevant subjects. These trained and experienced faculty form an inclusive part of our teaching team and they are there to endeavour, to engage & guide, motivate and extend their expertise to equip students with knowledge and virtues.

We have an ideal teacher student ratio of 1:15 where in the teachers are passionate about value based teaching with good communication and presentation abilities to maximize each student's potential learning experience. Our teachers and faculty live up to trusting a child's expectation-caring, friendly and fair, yet firm and discipline-conscious when needed. Our official staff and utility crew are trained to be in readiness to handle, manage and dispense administrative functions effectively and efficiently like safety and security of students, maintenance of classroom and school premises with due care for cleanliness and upkeep. Our team of administrators ensure unity, efforts, efficiency & optimum use of material and human resources.

A BOOK is a
gift you can **OPEN**
again and again

CURRICULUM

PRIMARY

Our pace of imparting education is set by the individual learner and not by the teacher. The curriculum at the primary level facilitates the children to develop and employ thinking power in commensuration with her/his growing age. The thinking process is promoted and stimulated by involving various elements of images, concepts, signs and symbols.

The school follows the curriculum prescribed by the Central Board of Secondary Education (CBSE). For Grade I-V the students are evaluated two times in a year. Along with the compulsory first language-English, second language-Hindi, students are given a choice between Marathi and Sanskrit as the third language from grade V onwards. Apart from the above languages French language is also introduced from grade I itself.

SECONDARY

We scrupulously follow an educational pattern of instruction of Central Board of Secondary Education (CBSE). The child is continuously and comprehensively evaluated and assessed throughout the academic year so that necessary changes can be incorporated within him/her throughout his/her educational journey.

Sr. SECONDARY

LTIS offers all the three stream i.e Science, Commerce and Humanities for students in Class XI -XII with academically intensive and conceptually rich CBSE curriculum. After XII the students can nurture their future in Engineering and Architecture in the institutes under the aegis of Sanstha

Scholastic

The curriculum followed by LTIS strictly adheres to the standard prescribed by CBSE. Academic assessment of a child is done by following the uniform system of assessment as recommended by CBSE. The child is assessed on different parameters by conducting periodic test, semester exam and subject enrichment activities etc. during the academic year.

Co-scholastic

For the holistic development of the student, co-curricular activities like taekwondo, art, yoga, dance are carried out in LTIS.

METHODOLOGY

At LTIS teaching is totally based on 'Psycho cognitive' pattern i.e. learning by doing. The methodology comprises of instructions both formal and non formal teaching techniques. Role-play, hands on activities, labs, projects are a regular feature of the lesson plan. The teaching is supported by teaching aids and e-learning technology which are backed by suitable teaching software to make the lessons interesting and their impact long lasting.

SUBJECTS

Mathematics, Science, Social Studies, English, Hindi, Marathi, Sanskrit, French, Computer, Cultural Studies, Art & Craft, Value Education, G. K.

CO - CURRICULAR ACTIVITIES

For the holistic development of the student along with the academic programme of the school, activities also play an important role in school life. The school offers a wide range of co-curricular activities, catering to all age groups such as dance, yoga, art & craft, taekwondo and host of literary activities. It provides an interactive and integrated platform for Intellectual, Emotional, Physical & Spiritual development.

GAMES & SPORTS

Lot of emphasis is given on the sports too. Children are encouraged to participate in the different sports activities such as taekwondo, cricket, skating, basketball, volley ball, aerobics, yoga, rifle shooting under the guidance of expert coaches.

BEYOND ACADEMICS

Our focus is on developing the child's personality instead of imparting information only. At LTIS the children not only equip themselves with academic and co-curricular skills, but also make it a habit to spare a thought for the ones who are less privileged - Social and community service form an integral part of LTIS student's nature.

Student & Parent counseling form an integral part at LTIS. Children are provided with counseling on various issues along with the support of their parents and teachers. This helps the child to develop different approaches to a problem.

Picnics & field trips are conducted to widen the mental horizon of children & facilitate acquisition of real information. Such experiences enable to establish the sense of proximity with nature & also realize & appreciate the exotic natural environment.

Summer camps are organized to develop aesthetic sense amongst the students. Well qualified professionals are recruited to enhance the innate qualities & creativity by the children.

INFRASTRUCTURE

- The administration block carries out the day to day functions of the school, with utmost efficiency.
- Classrooms of LTIS are spacious & ventilated along with ergonomically designed furniture comfortable for kids to develop the right posture. The classrooms are specially modeled to create right atmosphere and ambience for learning.
- The state-of-the-art computer lab with a wide network of systems and application software, has been installed with a purpose to create a conducive training and learning centre for computer literacy to cater the inquisitive minds of our students. Ample number of computers are there for the accessibility of the students.
- The school has spacious and well equipped - Science, Mathematics and Computer Laboratories
- Music & dance are an ethereal expression of art forms. So to offer all round opportunities to children to explore & groom their musical & dancing inclinations the music & dance rooms are well equipped with different instruments required for the same.
- Sports and Physical activities are necessary and important component of LTIS. The expansive playground, multiple courts and indoor play area equipped with profound sports material for the varied sports activities form an integral part of school curriculum.
- Library is not merely a stock of books, but a live laboratory for research through reading. It has an envious collection of educational text books, periodicals, encyclopedias, reference books, news letters etc. as a handy reference tool for teachers & students. The library is well ventilated and designed for the peaceful reading ambience.
- Medical room has been designed specially to provide immediate medical facilities to the students in case of any emergency.
- E-rooms are equipped with hi-tech audio – visual interactive boards as an aid to help kids to watch and listen to educative & interactive programs that compliment their classroom learning process.
- The safety & security of all students in our care is a matter of prime concern for us. The school is equipped with CCTV cameras and professional guards, to avoid any kind of accidents and negligence.
- The school atrium with its hi-tech audio- visual aids is constructed to nourish the creative inclinations of the students and to serve as a potential environment for performing all art forms.

INSTRUCTIONS FOR STUDENTS

- 1) Students at LTIS should attend the school regularly. No student who has less than 80% attendance to his / her credit in a particular academic year shall be permitted to appear for the annual examination.
- 2) As far as possible once a child has come to school, he/she should not be asked to come home on half day's leave. If required to go home during school hours a written note seeking permission must be sent across by parents.
- 3) Students who are absent without any intimation for a period of one month will be removed from the rolls.
- 4) Students may be asked to stay back after school hours and come on holidays for the practice during concerts & events.
- 5) Students are expected to respect the property of others. This includes respect for school property. No student should damage school furniture, write or draw anything on the walls, furniture or in any way damage things that belong to others. Damage done, even by accident should be reported at once to the class teacher or the Principal. Any damage done will be made good by the one who causes it.
- 6) The school reserves the right to suspend or take strict disciplinary action against a student whose diligence or progress in studies is constantly unsatisfactory or whose conduct is harmful to other students.
- 7) In case of change of residential/office address or contact numbers, the school should be intimated in writing immediately.

PARENT CONNECT

Here at LTIS we recognize that parents are the first educators of their children and are our partner in the care and education of their child. Hence, effective 'Parent-Teacher' meets are regularly held to enable clearer communication and a closer bond of trust between the parent, teacher and child. We welcome any information on emotional, medical or personal matters in the home, that may have a bearing on the child's behavior or development and assure a complete confidentiality regarding any information disclosed. The child will be supported to overcome such matter through our regular counseling sessions for the child & parents together.

TESTIMONIALS

I really appreciate your efforts for providing quality education and moulding my daughter towards the path, which surely will lead to success.

The teachers and administrators are loving and supportive and fully accessible.

The online classes has helped our daughter to stay focused. The well planned curriculum, keeping in mind timely submissions, interactive sessions and other actions have been very positive.

It's a privilege for children to get education in LTIS.

- Payal Verma

In the year 2014, I moved to Mumbai for professional reasons and ended up living in Ghansoli – Koper Khairine area. During this time I was looking for a good, unpretentious school for my kids. We did check out a few schools and some instinct led us to finalize with LTIS. I believe my children form the 1st batch of the school.

I have had no reason to regret my decision to date and believe this school to be one of most balanced, in meeting the modern educational needs of a child. The teachers themselves are a throwback to old times where the overall development of a child was a teachers' concern too. Strict and wise in their ways to mold the children's education, future & character, the teachers here have a hands-on approach, which is refreshing. My special regards to all the teachers for the positive part they have always played.

During the last few years, I have seen things drastically improve – in the school philosophy, values, overall approach to education, sports - bringing out the best in each child. My personal opinion of LTIS remains unchanged through all these years – a good, solid place to learn & get educated for the journey called life. The road is long & difficult, as we adults know – but we can prepare the child to face it, head-on.

The very best wishes -

- Satish K Nayar
